Under the patronage of the Italian Society of Neonatology (SIN),
and the Italian Society of Perinatal Medicine (SIMP)

Pediatric Cardiology Current Concepts in Diagnostic Imaging Techniques, Echocardiography and Cardiac MRI, and how these interface with management and treatment in Children and Adolescents

September 15-17, 2011; starts at 07:30 a.m.

La Spezia, Italy - Sala Marmori, Piazza Europa, n° 16, La Spezia, Italy

Objectives

This is a three-day intensive review course of the diagnosis and management of pediatric cardiac imaging providing an approach to diagnostic techniques and how these interface with management and treatment of children. Rather than a formal didactic lecture, the experts in each field will discuss their perspective. At the end of each session the faculty will gather for a symposium to answer the questions from the audience or other faculty members.
